What Our Guests Say About Us

Jeffrey

★★★★★

Great location for Super Bee and East Village destinations. Unit is just steps away right from hot tubs through back door. Some issues picking up key and registering car which the host helped me work through. I hope the instructions will be more accurate in the future. For a family of 4 this space is on the small side. Pullout was uncomfortable for adults but ok for kids. Nice amenities in building. Pool and foosball and a small gym with some weights and machines. Ski locker room next to front door.

★★★★★

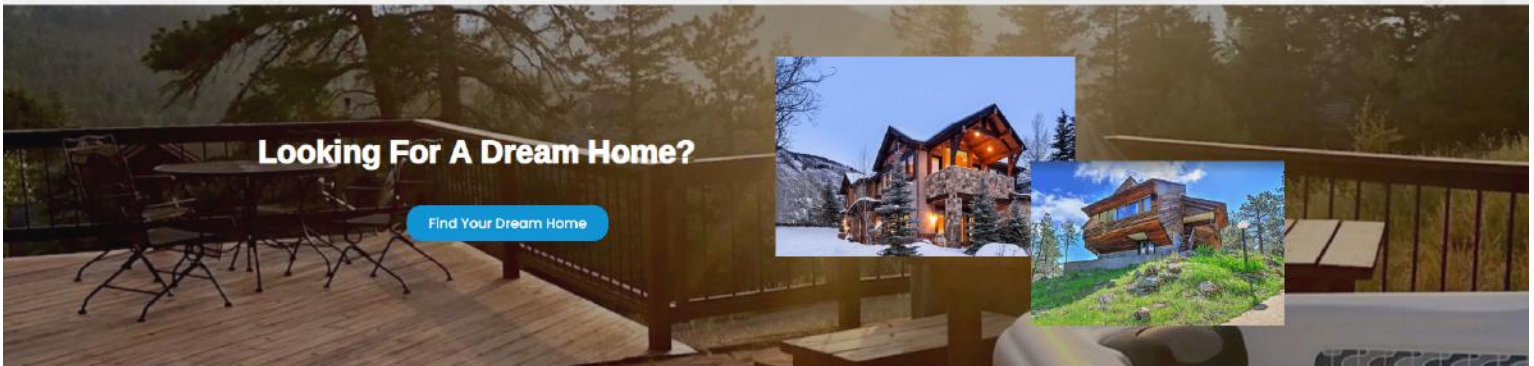

The home was large, and in the perfect location. Everyone has their own bedrooms. The hot tub was great for after a day skiing. Outstanding communication with Luxe Living staff

Troy

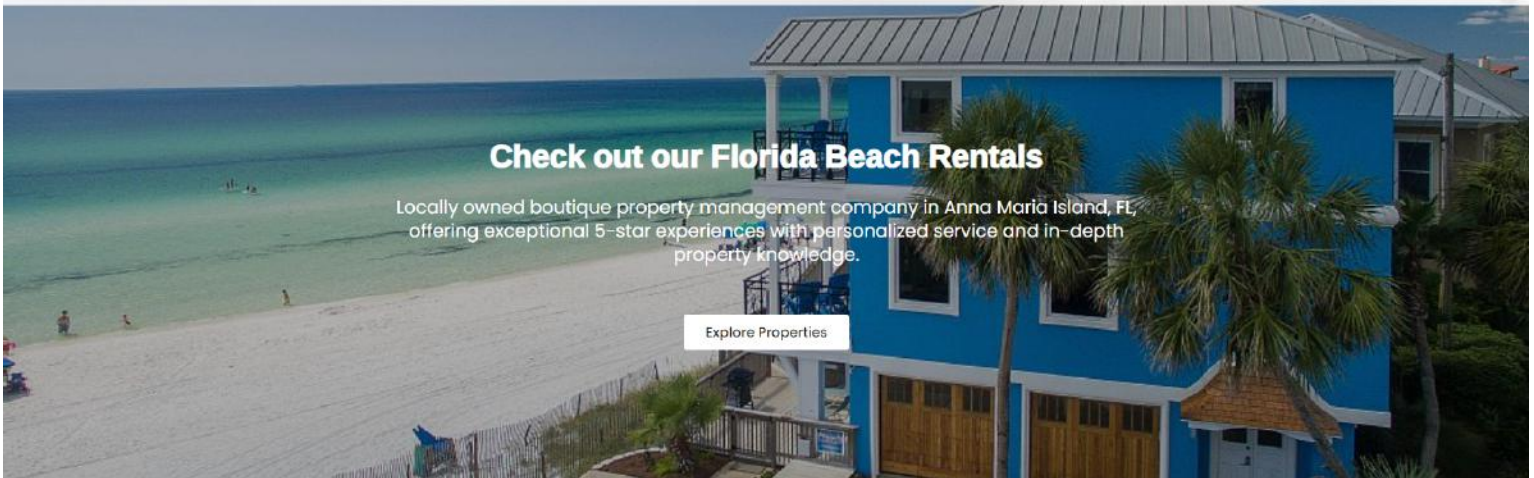

★★★★★

Great place to stay in Breckenridge. It's really close to skiing and downtown while maintaining a cozy remote cabin feel. Exceptional staff
